

HARRIS COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT No. 99

WATER METER REPLACEMENT PROGRAM

Water meter replacement program is managed and executed by the District Operator.

Meters are to be changed out based on their size and total volume of water registered over the life of the meter.

¾ - inch meters 2MG

1 – inch meters 5MG

1.5 – inch meters 12MG

2 – inch meters 15MG

3 – inch meters and above will be tested at least on an annual basis and repair or replacement will be based on the test results.

Based on monthly meter readings, a meter which registers zero (0) usage for 3 consecutive months shall be checked to see if is still functioning. If the meter has failed it will be replaced.
