INDEPENDENT AUDITOR'S REPORT

Board of Directors
Harris County Water Control and
Improvement District No. 99
Harris County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Harris County Water Control and Improvement District No. 99 (the "District") as of and for the year ended March 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of March 31, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors
Harris County Water Control and Improvement District No. 99

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED MARCH 31, 2024**

Management’s discussion and analysis of Harris County Water Control and Improvement District No. 99’s (the “District”) financial performance provides an overview of the District’s financial activities for the fiscal year ended March 31, 2024. Please read it in conjunction with the District’s financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) fund financial statements and government-wide financial statements and (2) notes to financial statements. The fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District’s annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District’s overall status. Financial reporting at this level uses a perspective like that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all the District’s assets, liabilities and, if applicable, deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District’s net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED MARCH 31, 2024**

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund financial statements provides a distinctive view of the District’s governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Statement of Activities and Governmental Fund Statement of Revenues, Expenditures and Changes in the Fund Balance explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO FINANCIAL STATEMENTS

The accompanying notes to financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information (“RSI”). The budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District’s financial position. In the case of the District, assets exceeded liabilities by \$2,711,255 as of March 31, 2024.

A portion of the District’s net position reflects its net investment in capital assets (land, buildings and equipment as well as water, wastewater and drainage facilities, less any debt used to acquire those assets that is still outstanding).

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED MARCH 31, 2024**

FINANCIAL ANALYSIS OF THE DISTRICT’S GOVERNMENTAL FUNDS

The District’s combined fund balances as of March 31, 2024, were \$4,961,487, an increase of \$38,910 from the prior year.

The General Fund fund balance increased by \$70,330 from prior year, primarily due to service revenues exceeding current year operating expenditures and capital costs.

The Debt Service Fund fund balance increased by \$252,729 from the prior year, primarily due the structure of the District’s long-term debt.

The Capital Projects Fund fund balance decreased by \$284,149 from prior year. The District used bond proceeds received in the prior year to fund current year approved capital costs.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors adopted an unappropriated budget during the fiscal year. Actual revenues were \$10,063 more than budgeted revenues and actual expenditures were \$78,113 more than budgeted expenditures. This resulted in a negative variance of \$68,050. See the budget to actual comparison for more information.

CAPITAL ASSETS

Capital assets as of March 31, 2024 total \$4,711,459 (net of accumulated depreciation) and include land, buildings and equipment as well as the water, wastewater and drainage systems.

Capital Assets At Year-End, Net of Accumulated Depreciation			
	2024	2023	Change Positive (Negative)
Capital Assets Not Being Depreciated:			
Land and Land Improvements	\$ 19,178	\$ 19,178	\$
Construction in Progress	732,213	270,601	461,612
Capital Assets, Net of Accumulated Depreciation:			
Building and Improvements	13,670	14,944	(1,274)
Water System	671,827	669,273	2,554
Wastewater System	2,877,947	2,915,941	(37,994)
Drainage System	396,624	419,824	(23,200)
Total Net Capital Assets	\$ 4,711,459	\$ 4,309,761	\$ 401,698

Additional information on the District’s capital assets can be found in Note 6 of this report.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED MARCH 31, 2024**

LONG-TERM DEBT ACTIVITY

As of March 31, 2024, the District had total bond debt payable of \$7,435,000. The changes in the debt position of the District during the year ended March 31, 2024, are summarized as follows:

Bond Debt Payable, April 1, 2023	\$ 7,435,000
Less: Bond Principal Paid	<u>- 0 -</u>
Bond Debt Payable, March 31, 2024	<u>\$ 7,435,000</u>

The District’s underlying rating is “Baa3” by Standard and Poor’s Rating Agency. The Series 2021 Bonds carry an “AA” rating by virtue of bond issuance issued by Assured Guaranty Municipal. Credit enhanced ratings provided through bond insurance policies are subject to change based on the rating of the bond insurance company. The ratings above include all changes to ratings of bond insurers through March 31, 2024.

CONTACTING THE DISTRICT’S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the District’s finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Harris County Water Control and Improvement District No. 99, c/o Johnson Petrov LLP, 2929 Allen Parkway, Suite 3150, Houston, TX 77019.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
MARCH 31, 2024**

Total Fund Balance - Governmental Funds	\$ 4,961,487
---	--------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital contributions due from Spring Independent School District for asset reimbursements are not current financial resources and, therefore, are not reported as assets in the governmental funds.	779,972
--	---------

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds.	4,711,459
--	-----------

Deferred tax revenues and deferred penalty and interest revenues on delinquent taxes for the 2023 and prior tax levies became part of recognized revenue in the governmental activities of the District.	31,978
--	--------

Certain liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. These liabilities at year end consist of:

Due to Developer	\$ (325,000)	
Accrued Interest Payable	(13,641)	
Bonds Payable Within One Year	(200,000)	
Bonds Payable After One Year	(7,235,000)	(7,773,641)

Total Net Position - Governmental Activities	\$ 2,711,255
--	--------------

REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED MARCH 31, 2024**

Net Change in Fund Balance - Governmental Funds	\$	38,910
---	----	--------

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.		3,262
--	--	-------

Payments to be received in future years from Spring Independent School District for capital contributions are recorded as a long-term receivable in the Statement of Net Position.		(34,691)
--	--	----------

Governmental funds do not account for depreciation. However, in the government-wide financial statements, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.		(158,732)
---	--	-----------

Governmental funds report capital asset costs as expenditures in the period purchased. However, in the government-wide financial statements, capital assets are increased by new purchases that meet the District's threshold for capitalization, and are owned and maintained by the District. All other capital asset purchases are expensed in the Statement of Activities.		560,430
--	--	---------

Change in Net Position - Governmental Activities	\$	<u>409,179</u>
--	----	----------------

The accompanying notes to financial statements are an integral part of this report.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 1. CREATION OF DISTRICT

Harris County Water Control and Improvement District No. 99, located in Harris County, Texas, (the “District”) was created by an Order of the Texas Water Rights Commission, presently known as the Texas Commission on Environmental Quality (the “Commission”), effective July 29, 1966 pursuant to the provisions of Chapter 51 of the Texas Water Code. A water control and improvement district (“WCID”) is a very general type of water district. A WCID may encompass all or part of one or more counties, including incorporated areas, or any defined district or other political subdivision of the state. A WCID has broad authority for the supply and storage of water for domestic, commercial, and industrial use; for the operation of sanitary sewage systems; and for irrigation, drainage, and water quality. Pursuant to the provisions of Chapters 49 and 51 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, and to construct and maintain parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The District’s first bonds were sold on November 7, 1967.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenues and expenses in the government-wide Statement of Activities.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

As discussed above, the District’s fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Governmental Funds Balance Sheet and a Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance.

Governmental Funds

The District has three governmental funds and considers each to be a major fund.

General Fund – To account for resources not required to be accounted for in another fund, customer service revenues, operating costs and general expenditures.

Debt Service Fund – To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Capital Projects Fund – To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both “measurable and available.” Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenues reported in governmental funds to be available if they are collectable within 60 days after year-end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. As of March 31, 2024, the District recorded a liability of \$2,300 in the Debt Service Fund (Tax Fund) to the General Fund for the cost of collecting taxes and a liability of \$4,898 in the Capital Projects Fund to the General Fund for bond issuance costs.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as an expenditure in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Developer interest, engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have a total cost of \$5,000 or more and a useful life of at least two years. Depreciation is calculated on each class of depreciable property using no salvage value and the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	40
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
All Other Equipment	3-20

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District’s Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original budget amounts compared to the actual amounts of revenues and expenditures for the current year.

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by Directors are wages subject to federal income tax withholding for payroll tax purposes only.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets, liabilities, and deferred inflows and outflows of resources, if any, associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Governmental Funds Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT

The following is a summary of transactions regarding bonds payable for the year ended March 31, 2024:

	April 1, 2023	Additions	Retirements	March 31, 2024
Bonds Payable, Net	\$ 7,435,000	\$ -0-	\$ -0-	\$ 7,435,000
		Amount Due Within One Year		\$ 200,000
		Amount Due After One Year		7,235,000
		Bonds Payable, Net		\$ 7,435,000

	Series 2021
Amount Outstanding – March 31, 2024	\$7,435,000
Interest Rates	2.00%-3.00%
Maturity Dates – Serially Beginning/Ending	March 1, 2025/2050
Interest Payment Dates	March 1/ September 1
Callable Dates	March 1, 2028*

* At the option of the District, in whole or in part, on the call option date or any date thereafter, at par plus accrued interest to the date of redemption. Series 2021 term bonds maturing March 1, 2041, 2044, and 2050 are subject to mandatory redemption beginning March 1, 2040, 2042, and 2045, respectively.

As of March 31, 2024, the District had authorized but unissued bonds in the amount of \$8,565,000 for utility facilities.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 3. LONG-TERM DEBT (Continued)

As of March 31, 2024, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal	Interest	Total
2025	\$ 200,000	\$ 163,694	\$ 363,694
2026	200,000	157,694	357,694
2027	200,000	151,694	351,694
2028	200,000	145,693	345,693
2029	200,000	139,693	339,693
2030-2034	1,175,000	632,967	1,807,967
2035-2039	1,375,000	507,970	1,882,970
2040-2044	1,575,000	360,750	1,935,750
2045-2049	1,900,000	177,750	2,077,750
2050	410,000	9,225	419,225
	<u>\$ 7,435,000</u>	<u>\$ 2,447,130</u>	<u>\$ 9,882,130</u>

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount. During the year ended March 31, 2024, the District levied an ad valorem debt service tax rate of \$0.16 per \$100 of assessed valuation, which resulted in a tax levy of \$276,775 on the adjusted taxable valuation of \$172,984,686 for the 2023 tax year.

The bond resolutions require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND RESOLUTIONS AND LEGAL REQUIREMENTS

All investments and any profits realized from or interest accruing on such investments shall belong to the fund from which the moneys for such investments were taken; provided, however, that in the discretion of the Board of Directors the profits realized from and interest accruing on investments made from any fund may be transferred to the Debt Service Fund.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 4. SIGNIFICANT BOND RESOLUTIONS AND LEGAL REQUIREMENTS
(Continued)

The bond resolutions state that the District is required by the Securities and Exchange Commission to provide continuing disclosure of certain general financial information and operating data to the Municipal Securities Rulemaking Board. This information, along with the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of Section 148 (f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of each issue.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year-end, the carrying amount of the District's deposits was \$155,603 and the bank balance was \$178,443. The District was not exposed to custodial credit risk at year-end.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at March 31, 2024, as listed below:

	Cash
GENERAL FUND	\$ 79,047
DEBT SERVICE FUND	52,433
CAPITAL PROJECTS FUND	24,123
TOTAL DEPOSITS	\$ 155,603

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The Texas Comptroller of Public Accounts has oversight of the pool. Federated Investors, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool measures all portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

As of March 31, 2024, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities in Years			
		Less Than 1	1-5	6-10	More Than 10
<u>GENERAL FUND</u>					
TexPool	\$ 1,003,508	\$ 1,003,508	\$	\$	\$
<u>DEBT SERVICE FUND</u>					
TexPool	665,321	665,321			
<u>CAPITAL PROJECTS FUND</u>					
TexPool	<u>3,260,626</u>	<u>3,260,626</u>			
TOTAL INVESTMENTS	<u><u>\$ 4,929,455</u></u>	<u><u>\$ 4,929,455</u></u>	<u><u>\$ - 0 -</u></u>	<u><u>\$ - 0 -</u></u>	<u><u>\$ - 0 -</u></u>

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At March 31, 2024, the District's investment in the TexPool was rated "AAAm" by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investment in TexPool to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 6. CAPITAL ASSETS

Capital asset activity for the year ended March 31, 2024:

	April 1, 2023	Increases	Decreases	March 31, 2024
Capital Assets Not Being Depreciated				
Land and Land Improvements	\$ 19,178	\$	\$	\$ 19,178
Construction in Progress	<u>270,601</u>	<u>560,430</u>	<u>98,818</u>	<u>732,213</u>
Total Capital Assets Not Being Depreciated	<u>\$ 289,779</u>	<u>\$ 560,430</u>	<u>\$ 98,818</u>	<u>\$ 751,391</u>
Capital Assets Cost Subject to Depreciation

Total Capital Assets, Net of Accumulated Depreciation	<u>\$ 4,309,761</u>	<u>\$ 500,516</u>	<u>\$ 98,818</u>	<u>\$ 4,711,459</u>

NOTE 7. MAINTENANCE TAX

The District has the statutory authority to levy and collect an annual ad valorem tax for planning, maintaining, repairing and operating of the District's improvements, if such maintenance tax is authorized by a vote of the District's electors. Such tax would be in addition to taxes which the District is authorized to levy for paying principal and interest on any tax bonds which may be issued in the future.

On November 5, 2019, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$0.40 per \$100 of assessed valuation of taxable property within the District. To date, a maintenance tax has not been levied.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 8. EMERGENCY WATER SUPPLY AGREEMENTS

Harris County Water Control and Improvement District No. 110

On March 10, 1993, the District entered into an agreement with Harris County Water Control and Improvement District No. 110 (“District No. 110”) for the provision of emergency water service. The term of the contract is 40 years. The District was responsible, at its sole cost, for the acquisition and construction of all facilities necessary to connect with District No. 110’s water system. District No. 110 did not participate in the cost of this interconnect since they already had an interconnect with another adjacent district. In April of 1994, the District advanced \$40,147 to the Texas Department of Transportation for the estimated construction cost of this work. The District shall maintain all interconnect facilities at its sole cost and shall own and have title to same.

Each district shall have the right to receive water during an emergency for a period not to exceed 15 days unless otherwise agreed in writing. The cost of the water shall be \$0.50 per 1,000 gallons received based on an average daily usage as determined by the 30-day period preceding the emergency. Usage of water for any portion of a calendar day shall constitute usage for one day. The cost of water supplied beyond the 15-day temporary period shall be negotiated by the districts. Water received through the interconnect during normal operating conditions shall be with written consent only.

Harris County Municipal Utility District No. 249

On April 18, 1996, the District and Harris County Municipal Utility District No. 249 (“District No. 249”) entered into an emergency water supply contract. The agreement provides that District No. 249 will construct at their sole cost a waterline to connect to the District’s water system. The facilities constructed within the District’s boundaries will be owned and maintained by the District.

Those facilities outside the District will be owned and maintained by District No. 249. Each district shall have the right to receive water during an emergency for a period not to exceed 15 days unless otherwise agreed in writing. The agreement provides for the cost of water to be \$0.50 per 1,000 gallons of water supplied except in the case when water is purchased from an adjoining district for supply to the district being supplied. In such case the district being supplied water will pay for the water at the cost of water received from the supplying district. This agreement has a term of 40 years. The interconnect line has not been constructed as of March 31, 2024.

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 9. AGREEMENT FOR CONSTRUCTION OF A STORM SEWER LINE

On October 16, 2001, the District entered into an agreement with Harris County Water Control and Improvement District No. 110 (“District No. 110”) for the construction, operation, maintenance and repair of a storm sewer line (“Facilities”). The District paid \$45,000 to District No. 110 for its estimated pro rata share of the construction costs of the Facilities. The Facilities were completed during the fiscal year ended March 31, 2003. Each district will own, have title to and be responsible for maintaining the Facilities located in their respective boundaries. The term of the contract is 99 years.

NOTE 10. NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY

The District is located within the boundaries of the North Harris County Regional Water Authority (the “Authority”). The Authority was created under Article 16, Section 59 of the Texas Constitution by House Bill 2965 (the “Act”), as passed by the 75th Texas Legislature, in 1999. The Act empowers the Authority to provide for the conservation, preservation, protection, recharge and prevention of waste of groundwater, and for the reduction of groundwater withdrawals. The Authority is overseeing that their participants comply with the Harris-Galveston Subsidence District pumpage requirements. The District is required to convert their water supply to surface water over a period of time.

The Authority charges a fee, based on the amount of water pumped from a well, to the owner of wells located within the boundaries of the Authority, unless exempted. This fee enables the Authority to fulfill its purpose and regulatory functions. The fee for 2023 was \$4.10 per 1,000 gallons of water pumped from each well and the fee for 2024 was \$3.60 per 1,000 gallons of water pumped from each well. The District recorded an expenditure of \$315,149 for fees assessed during the current fiscal year. The District collects fees from its customers as a part of its monthly billings to cover this regulatory assessment.

NOTE 11. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance and required bonds. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 12. DUE TO DEVELOPER

The District has entered into a financing agreement with a Developer. The agreement calls for the Developer to fund costs associated with water and sewer facilities and utilities construction until such time as the District can sell bonds. Any reimbursement is contingent on future bond

**HARRIS COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 99
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 12. DUE TO DEVELOPER (Continued)

sales which are subject to approval by the Commission. At March 31, 2024, the District has recorded a liability of \$325,000 in developer advances. This balance remained unchanged from the prior fiscal year.

NOTE 13. CONTRACT WITH SPRING INDEPENDENT SCHOOL DISTRICT

The District has provided water and wastewater service to the Spring Independent School District (“SISD”) Spring High School Campus Complex and football stadium (the “School Complex”) for almost forty (40) years. At the request of SISD, on March 9, 2021, the District entered into an Annexation and Capital Contribution Agreement (the “Agreement”) with SISD. The Agreement provides for continued service to the School Complex pursuant to the District’s Rate Order, additional service to McNabb Elementary School and a Transportation Facility (with the School Complex, the “SISD Facilities”), annexation into the District of the SISD Facilities (subject only to City of Houston consent), SISD buy-in to capacity in the existing water and wastewater plants and facilities of the District (the “District System”), District provision of service lines to certain SISD Facilities, SISD participation in financing of improvements financed by the Bonds and SISD participation in financing of current and future capital improvements.

The buy-in to capacity by SISD to the existing District System, with credit for previous capital contributions, is approximately \$881,729, and District provision of water and wastewater lines to certain SISD Facilities is preliminarily estimated to cost approximately \$250,000, each payable by SISD to the District in contract revenue payments, plus interest, to the District’s Operating Account over twenty (20) years. The District received \$53,380 during the current fiscal year, of which \$34,691 was principal. Future capital contributions payments are as follows:

Fiscal Year	Principal	Interest	Total
2025	\$ 35,487	\$ 17,893	\$ 53,380
2026	36,301	17,079	53,380
2027	37,134	16,247	53,381
2028	37,986	15,395	53,381
2029	38,858	14,523	53,381
2030-2034	208,076	58,829	266,905
2035-2039	233,064	33,841	266,905
2040-2042	153,066	7,075	160,141
	<u>\$ 779,972</u>	<u>\$ 180,882</u>	<u>\$ 960,854</u>

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2024**

NOTE 13. CONTRACT WITH SPRING INDEPENDENT SCHOOL DISTRICT
(Continued)

SISD utilizes approximately 35% of the capacity in the District System and will make annual contract revenue payments to the District in an amount equal to approximately 35% of the annual debt service on the Bonds. Such amount will be deposited in the District's Debt Service Fund and will be used for payment of a portion of the debt service on the Bonds. It should be noted that the contract amounts to be received by the District from SISD does not in any way mitigate the District's unlimited tax pledge to support the timely payment of principal of and interest on the Bonds. The District received \$126,244 during the current fiscal year.
